30x3 1/2 Goodyear Single-Cure  
Fabric, Anti-Skid Tread. \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price  
you are asked to pay for tubes of less merit—why risk costly  
casings when such sure protection is available? \$4.50

30x3 1/2 size is waterproof bag.

## GOODYEAR

So-called bargain tires, made up for sensational sales and offered at ridiculously low prices, do not attract careful buyers.

They are far more concerned with what they get than with what they pay because they know that in the end it is performance and not price that delivers actual tire economy.

The popularity of Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, is based on the fact that they deliver exceptional mileage at exceedingly low cost.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires and Goodyear Heavy Tourist Tubes.

### MARTIN COUNTY CLUB WORK NEWS

PARNELL CRUM,  
Field Agent in Club Work,  
Daviess, Ky.

I have arrangements with Samuel H. Farming, of Des Moines, Iowa, one of the largest farm paper publishers in the United States, to finance club work in this county to the amount of \$1,000. This farm paper is owned and published by our Secretary of Agriculture, E. T. Meredith.

I am endeavoring to organize boys and girls who are between the ages of 10 and 15 into pig clubs in cooperation with the Kentucky College of Agriculture and the United States Department of Agriculture in each community of this county. I want to secure a Pig Club at each of the following named communities: Opey, Warfield, Inez, Job, Mize, Schildam, McFar, Laura, Ireece and Ingram. I have already a club organized at my home community (Daviess) and have enough applications for a club at both Daviessport and Tumbahawk.

Under successful Farming's plan of financing club work they loan the boys and girls money for their club project on the boy's or girl's own note for one year's time the note drawing 6 per cent interest. The parents of the boys and girls do not sign these notes, the boy or girl manages the pig according to directions furnished by the Kentucky College of Agriculture and the United States Department of Agriculture. The directions will be practically the same as furnished the boys and girls that secured the Duroc-Jersey pigs some few years ago when Emergency County Agent R. A. Housley was with us. The boys and girls that secure these loans are also required to furnish reference from at least two merchants, the County Superintendent of Schools or their teacher and from myself.

The parties that recommend these boys and girls are in no way obligating themselves.

The pigs for club members will be of the Big Top Poland China breed only and the boy or girl that secures one will execute a note for \$1.00 and this pays for the pig delivered to them or probably into the community where the boy or girl lives. Each pig will be guaranteed and registered. So that we may be able to raise pure-bred hogs one boy or girl will be expected in each

of the above named communities to secure a milk pig on this plan. Each male pig will cost the same as the girls and will be unrelated to the girls.

I am trying to perfect an organization of one Club Leader for each community. This Club Leader will secure club enrollments and hold monthly meetings with the club members. Each boy or girl will be given a chance to attend a meeting of club leaders in Lexington with all expenses paid for me.

I have spoken to several of citizens of this county in regard to taking up this work of Club Leader, but only two leaders who have produced results sufficient to be named as leaders yet are U. S. Hall, Daviessport, for the Daviessport Pig Club, and Walter Cline, Inez, for the Daviess Pig Club. In addition to the above named privileges each club leader will be paid one dollar per month for his or her services.

At the price of \$15.00 each we can buy 20 pigs with the \$1,000. Of course I want to have a club of at least 4 club members at each of the communities named, but unless I secure a club leader and sufficient members who are willing to get a pig on this plan I can not do so and will be forced to place the pigs with the boys and girls of the communities where we have club leaders and the boys and girls who do want to secure pigs on this plan. Each postmaster of this county has a bunch of enrollment cards and the boys and girls who want to secure pigs should get cards and send-in at once. Also any one desiring to undertake the work of club leader for their community should write me soon for I want to know at once just who I am going to place pigs with and who will be the club leader for the several communities.

As a further guide for club work there will appear from time to time in each issue of this paper as space can be given a general outline of club work.

### THE FARM BUREAU

All should be interested in this movement. It is for the advancement of our country. If we would stop and think, our country and community in which we live is what we make it.

The Farm Bureau people now have a rest room at Louisa for our women and girls to go when in town. There you can wash and go on and do your shopping, feeling fresh like you had stepped out from home. A bed to lie down on if you feel like doing so. On the other hand any mother if she would go in could lay her baby on that bed, let it sleep, resting mother and baby too. If necessary she would be willing to pay her husband's membership fee, \$3.00 a year, out of the proceeds of her produce for some comfort when tired. Ask Mrs. John Vaughan, Jr., or Mrs. J. G. Burns if all this is not convenient for farm people.

I think our County Agent has a right to be proud of such men as L. E. Garrett, J. G. Burns and John H. McCure for officers. Lawrence county has plenty more as good men as these are, and if they would only get interested all would get pay for their time listening to speakers like Varney and Morgan. While listening you forget you have work to do at home. This movement means better schools, roads, and better markets for the farmer.

I hear some one say that the rest room is too small. All right, we all have to crawl before we can walk. So a lot more of you farmers come on and join the Bureau, all pull together, and we will enlarge that rest room. Let us all try to build up our country and the farm problem anyway so that our girls and boys will be contented on the farm.

MRS. R. B. MILLARD, Supervisor, Ky.

## "CAN'T RECOMMEND IT TOO HIGHLY"

MILLER WAS FORCED BY STOMACH TROUBLE AND RHEUMATISM TO GIVE UP HIS BUSINESS.

"Nothing ever helped me until I got Tanlac, and that's saying a good deal for I have been trying for eight years to get relief," said Robert Miller, 419 Market street, Louisville, Ky. Mr. Miller who was in the hardware business in Detroit for ten years, was forced to retire eight years ago on account of ill health, but is now feeling so well he is thinking of going back in business again.

"Yes, sir, for eight years before I began taking Tanlac I had suffered from rheumatism and stomach trouble," said Mr. Miller. "The rheumatism was principally in my legs and back, and was so bad I could hardly walk without a cane and if I stooped over the pain in my back was so severe it was all I could do to keep from crying out. My stomach was so badly upset nearly everything I ate hurt me, and I could not eat any solid food at all. I usually enjoyed my evening meal more than any other, but most of the time I dared not eat anything at all at that time, for if I did I would suffer from it all night long. I had lost so much weight and was in such bad condition I was greatly worried over the outlook.

"One day I read where Tanlac had relieved a man who described his condition as being similar to mine, so I decided to try it myself, and I am sure glad I did, for I am feeling better now than I have in years. My rheumatism is all gone, my stomach doesn't give me any more trouble and I can eat anything I want at any time of the day or night and never have a particle of trouble from it afterwards. I sleep well, have gained several pounds in weight, and as I am still taking Tanlac I am picking up and feeling better and better every day. After what Tanlac has done for me I don't think I can recommend it too highly."

Tanlac is sold in Louisa by Mrs. J. H. Reynolds.

## OIL MEN TO HELP PAVE 18-MILE MOUNTAIN ROAD

Frankfort, Ky., August 31.—Eighteen miles of road between Paintsville and Salversville, the shortest project in the State highway system, will be built with the aid of contributions from operators in the Johnson-Magnolia oil field.

David Browning, Paintsville, and Samuel J. Patrick, Salversville, conferred with Joe F. Boggs, State highway engineer, today and arranged for a preliminary survey to ascertain the cost of construction. Unless the cost is prohibitive it will be a paved road connecting the interior of Magnolia with the Mayo Trail at Paintsville.

It is now one of the most heavily traveled mountain roads in the State. Six-man teams and even pack mules of the loads of oil supplies and provisions.

### FALLEN ASLEEP

Luther C. Ball, son of M. V. and Etta Ball, was born in Lawrence county, Kentucky, on November 24, 1904, and died at Columbus, Ohio, Aug. 17, 1920. He was 11 years, 8 months and 24 days of age. He had not been well for some time, but because of his love of play and his desire to visit his grandparents in Kentucky, he kept going until it was too late. For whom he became too ill to continue at his play the disease had gotten such a hold on his young body that he could not be healed. His last illness was of short duration and the end came Tuesday morning near 7:30 o'clock.

Luther leaves father, mother and an adopted brother with many other relatives and friends. All these will mourn the unexpected departure most deeply.

Luther was a moral American boy with a strong heart and a spirit of determination with which he met the problems of life. If he had been of less determined spirit and yielded to the disease more readily there is a possibility that he could have been healed. It is in this instance that the spirit which is an admirable in the life of a boy proved his unliking. The

death of such a boy at such a tender age is one of the mysteries of God.

The remains of this dear boy arrived at Louisville on Wednesday, remained at the home of Mr. Drew Adams until on Thursday, were taken to the home of his grandfather, Elza Ball, near Adams, Ky. On Friday his funeral was preached by Rev. Sylvester Ball under the shade of the beautiful trees where he had so recently played with many of his relatives and friends while spending his vacation here. Many of his friends were gathered to pay respect to the departed one and listen to the sermon that was so full of consolation to his bereaved parents. Luther Carter prayed a very appropriate prayer. The choir sang many beautiful hymns, one hymn requested by the mother "I will meet you in the morning." Many beautiful flowers were sent from his relatives, his school mates and his Sunday School class.

Those who attended the funeral from other points were Mr. and Mrs. Oscar Ball, Mr. Leo Carter, Mr. and Mrs. Leatha Carter of Columbus, O., Mr. and Mrs. Drew Adams and Mr. Roy Thompson, of Louisville, Mr. Joe McInnis, of Maize.

After taking the last look on his precious form the body was conveyed

to the burial ground overlooking the home of his grandfather Ball and in a grave lined with flowers was lowered to its last resting place, there to await the resurrection, and now our hearts ache and are sad at times our grief seems almost more than we can bear, but our loss is Luther's eternal gain.

—A FRIEND.

### IN MEMORIAM.

In loving remembrance of dear father, Harvey Hardin, who departed this life July 25, 1920:

Papa's gone, but not forgotten. Sweetest thoughts shall ever linger Around the grave where he is laid. We loved him, oh yes, we loved him. But the Savior loved him more. So the angels sweetly called him To that bright and happy where. The golden gates were opened. A gentle voice said "Come." And with farewells unspoken He calmly entered home. It was hard to part with papa. Oh, so sad to see him die. But then we will try to meet him Some sweet day by and by.

—A DAUGHTER.

## PIKEVILLE

## Anderson Hatfield.

In the history of Pike county no more honest, upright or popular citizen lived than the Reverend Anderson Hatfield who died at his home on Blackberry Creek near Ransom, Ky., on March 6th, 1934.

He was born Sept. 25, 1835, joined the Primitive Baptist Church, July 5, 1862, was baptized by Elder John Ferrell, married Polly Runyon Aug. 2, 1855. At the time of his death he had 115 grandchildren, 165 great-grandchildren, and 14 great-great-grandchildren.

His wife Polly Hatfield died March 15, 1920, just nine days after his death, and just here I want to say no more pious, or exemplary person ever lived or died in our county than Aunt Polly Hatfield.

The Rev. Hatfield served as Amos of the Pike county one term; two terms as Moderator and one term in the State Legislature. In all of these positions he brought honor and dignity and filled them to the credit of the county. In his death Pike county lost one of its best citizens and his family and church an honored and beloved member.—M. G. CLAY.

**Anderson Hatfield.**  
In the history of Pike county no more honest, upright or popular citizen lived than the Reverend Anderson Hatfield who died at his home on Blackberry Creek near Ransom, Ky., on March 26, 1932.

He was born Sept. 25, 1835, joined the Primitive Baptist Church, July 5, 1858, was baptized by Elder John Ferrell, married Polly Ramsey Aug. 2, 1853. At the time of his death he had 115 grandchildren, 145 great grandchildren, and 14 great-great-grandchildren.
